Good for the West  
Good for Canada

## Join a distinguished group of engaged organizations and citizens who believe a strong West in a strong Canada needs:

- an independent, respected voice with a long-term view;
- sound public policy that relies on evidence-based research can make a difference;
- engaged leadership from civil society, industry, academia and government leads to real change.

**As a donor-supported think tank, we couldn't achieve the impact we do without our supporters.**

### SOLUTIONS THAT MATTER

The Canada West Foundation's research explores the big issues that affect the West and all of Canada. We do in-depth research and analysis. We bring people together to discuss the options, build trust and find solutions. We then take those ideas and recommendations to key decision-makers as well as to the public at large, where they inform the important policy debates of the day. Because we are non-partisan, objective, and good at what we do, we have credibility. We are respected, valued and our voice is sought-after. Because of all that, **we have impact.**

### VALUE TO CONTRIBUTORS

Supporting the Canada West Foundation ensures you're recognized as part of a community that supports better public policy. We value the exchange of ideas, and supporters are invited to participate in events with other engaged leaders and thinkers from diverse perspectives. You're kept up-to-date on key issues through our reports, commentaries and our in-person, tailored "What Now?" briefings. But most importantly, by funding work that has impact on issues that matter to you, you become part of the solution.
